Career Objective: Third year Computer Science (AI & ML) student with a strong foundation in Python, SQL, Data Analysis, and Machine Learning, focused on Data Science. Experienced in building data-driven applications, ETL workflows, and web development. Looking to contribute to real-world data problems while strengthening skills in scalable data systems and analytics..

Education:

- Bachelor of Technology, CSE(AI&ML) CVR College of Engineering , Hyderabad.
Graduating Year : 2027 | CGPA:8.55
- Intermediate Education, Narayana Junior College
Graduating year :2023 | Percentage:97.9%
- Secondary School Certificate
Global Indian International School (CBSE)
Graduating year : 2021 | Percentage:92%

Technical Skills:

Programming	: HTML, JavaScript, Python, CSS3, Bootstrap
Tools and Frameworks	: React.js, Bootstrap, Streamlit, GitHub, VSCode
Core CS	: Intermediate Data Structures & Algorithms, OOP, DBMS.
Databases	: MySQL, MongoDB, Firebase, Supabase
Data & Machine Learning	: EDA, ETL Pipelines, Regression Models, Classification (SVM, KNN, Logistic Regression, Decision Trees), Clustering (K-Means), Feature Engineering, Model Evaluation,

Projects:

- **AI based Grievance Redressal System:** NLP-based system for automated grievance classification , sentiment analysis, and escalation workflows to ensure timely and transparent issue resolution and python. Developed interactive dashboard using Streamlit with real-time analytics. Implemented TF-IDF and similarity-based classification.
- **NASA Apod ETL Pipeline:** Built an ETL (Extract, Transform, Load) pipeline using NASA's Astronomy Picture of the Day (APOD) API. Extracted data using REST API calls and automated data collection. Transformed JSON responses into structured format using Python (Pandas). Loaded processed data into MySQL database for storage and analysis.

Certifications and Other Activities:

- Volunteer at Ikshana club(CVR)
- Documentation lead -IEEE CVR
- Completed Generative AI Virtual Internship (provided by Google Cloud) by AICTE Eduskills.
- Completed AI-ML Virtual Internship (provided by Google for Developers) by AICTE Eduskills.
- Completed Data Analytics Job Simulation certification from Deloitte issued by Forage.
- Database Design and Database Programming with SQL by Oracle Academy.
- AWS Academy Graduate - Cloud Foundations.
- Honeywell Future Skill Edge Program on Artificial Intelligence.
